

spocascholarship@acu

- SPOCA and ACU have agreed to collaborate to establish a perpetual, endowed scholarship as a permanent legacy of our former college and the great education we received from the Jesuit Fathers
- A Memorandum of Understanding was signed in July 2018.
- The scholarship would be for students in ACU's Education Faculty with selection based on merit and equity factors
- Current thinking is:
 - The scholarship is for students in their second year and onwards of an undergraduate teaching degree;
 - Students should have values consistent with the Jesuit ethos in education and will be supported by a SPOCA selected mentor
- Feedback being received from Patricians is strongly supportive of the scholarship
- Donations will be tax deductible
- We will continue to seek input and feedback on the structure of the scholarship and the associated selection criteria.
- This will include hosting small functions such as sandwich lunches at the ACU to discuss the scholarship, meet ACU staff and better understand the possibilities opened up by a scholarship at the ACU
- If you would like to be invited to one of these lunches or offer comments or suggestions, please contact Murray Cullinan by email: murray.cullinan@gmail.com
